The SFLS K–12 Mentor Program: Should Your Child Have a Mentor?

There is no replacement for the vital role of parents in the lives of children. To accentuate that beautiful relationship, Sioux Falls Lutheran School is excited to share a special opportunity for your child to receive a mentor. By having a mentor, your child will be bolstered in the confidence that he/she is important.

Our Mentor Program is designed to pair one caring adult with a student for a simple weekly lunch-time visit. Students are recommended by parents and/or their classroom teacher after receiving parental permission. From there, our team thoughtfully matches each child with a trained mentor whose gifts and personality fit well. Mentoring isn't about having all the answers—it's about showing up, listening, and helping a child feel valued and seen.

We are now seeking referrals/requests for students to receive a mentor. **Parents**, if you feel even the slightest nudge, we encourage you to **read the FAQs below** and prayerfully consider connecting with your child's teacher so they can participate in this meaningful ministry.

Questions may be directed to Mrs. Aker or Mrs. DeVos at mentoringcoordinators@sflutherschool.com.

FAQs

What is a “mentor”?

A Christian adult or high school student who cares about the students at our school and who has the ability to consistently set aside time each week to be with a particular student during the lunch break. All mentors have undergone a thorough background check and have received training.

What would my child be doing when his/her mentor visits?

Most importantly, they will be getting to know each other. Your child will soon learn that the mentor is someone he or she can depend on. Your child and the mentor will decide on a day each week that works for them to meet during the lunch hour. The mentor will arrive at the school and walk with your child to the reading area. Once there, your student will eat lunch, and together they will choose a game or other activity. During the game, they will talk, share about their life, and pray for one another. The mentor will offer encouragement and gently offer suggestions that may help your child address any challenges he/she may be facing – difficult classes, problems with friends, anxiety over school concerns, etc. Once the hour is ended, the two will part ways until the following week.

What do I need to do to get a mentor for my child?

Please contact your child’s teacher, who will send home a permission form and may ask some questions. Together, the information you provide will be crucial to pairing your child with a mentor who has similar interests.

How much will it cost to get a mentor for my child?

Absolutely free! Grants and generous donations cover all costs associated with the SFLS Mentor Program. There is no cost to families who utilize the program.

What if I change my mind?

Matches will be made as needed and as mentors are available. If you decide to apply later, it may delay your child’s pairing with a mentor. If your child is paired with a mentor and you or your child decides not to participate in the program, please simply contact your child’s teacher or the program coordinators. (They will likely ask your reason to help us improve the mentoring experience for everyone.)

How can my child participate in the mentor program?

Simply complete the bottom portion of [this](#) form and send it to your child’s teacher. Then, our team will thoughtfully match your child with a mentor who has completed the application and training process.

Thank you for considering this wonderful opportunity!

P.S. [Apply to be a mentor!](#)

NEEDS-BASED TUITION

K-12 Needs-Based Variable Tuition Applications for 2026-27 School Year Open on January 26

Sioux Falls Lutheran School's K-12 needs-based variable tuition application window for the 2026-27 school year will open through TADS on Monday, January 26. Thanks to our expanding list of generous donors who continue to graciously invest in our mission through donations to our [needs-based variable tuition](#) fund, we are preparing to award up to \$400,000 in needs-based variable tuition to qualifying families during the 2026-27 school year.

To apply, please log into or create a TADS account for your family at www.mytads.com by clicking on "Financial Aid Assessment." TADS will provide a complete list of required documentation before you begin your application, but please know that items like your previous year's tax return are required.

If you have any technical questions while submitting your variable tuition application, please feel free to contact TADS support directly at 800-477-8237 or support@tads.com (M-F 7am-8pm CST).

South Dakota Partners in Education (SDPE) K-12 Scholarship Program

In addition to donor-funded variable tuition through SFLS, qualifying families are also eligible to submit their TADS application to the [South Dakota Partners in Education \(SDPE\)](#) K-12 scholarship program. During the 2025-26 school year alone, SFLS families qualified for over \$206,000 in tuition assistance through SDPE, which allowed us to spread our own variable tuition budget even further. If your family qualifies for SDPE and you plan to apply for variable tuition, please plan to submit your application to both entities.

Earn Tuition Credit through RaiseRight

Finally, please also remember that [RaiseRight](#) is available as a source of tuition assistance for all early childhood through 12th grade families. Simply buy gift cards for your favorite brands at face value through RaiseRight and use them, instead of cash or other cards, to make purchases. A percentage of each gift card you buy goes directly into an account for your family and gets applied toward your tuition at designated times throughout the course of the school year.

PTF (PARENT TEACHER FELLOWSHIP)

NEW Common Sense Media recommends that this movie is good for children ages 6+ due to the flogging and crucifixion of Jesus (not bloody). Here is what they write: Parents need to know that since this animated drama follows animals that encounter Jesus right before the crucifixion, it will primarily appeal to Christian families who are looking to teach their children more about New Testament themes. Since Jesus (who is referred to as "the King" by the animals) is shown being jostled, hit, and eventually flogged and crucified, some very young children may be disturbed (although most of these scenes are brief and don't show any details). Judah the lamb is also nearly slaughtered (as the sacrificial lamb) but is saved at the last moment.

Beyond High School: College & Trade Pathways Evening on February 19, 5:30 PM - Are you and/or your high school student overwhelmed by deciding what career and/or college path to pursue after graduation? Do you have questions about how to pay for college and training after high school? We have brought together two resources for you for an informative evening in the SFLS high school learning area. First, join Brady Compaan, an admissions counselor from the University of Northwestern—St. Paul, for an interactive session on four-year colleges and how to start the college search. You will learn the differences between public and private colleges, how applications and admissions work, financial aid basics, and helpful tips to find the right fit. Next, Rita Nelson from Build Dakota will cover navigating the Build Dakota Scholarship, the importance of career exploration, the current skills gap, and how students can leverage today's workforce shortage to their advantage.
